

RESONANCE JOURNAL OF SCIENCE EDUCATION

SCIENCE OUTREACH PROGRAM

Resonance: Journal of Science Education (Indian Academy of Sciences, Bengaluru) in collaboration with Indian Institute of Science Education and Research Thiruvananthapuram, is organizing a Science Outreach Program during December 20–23, 2025 at IISER, Thiruvananthapuram.

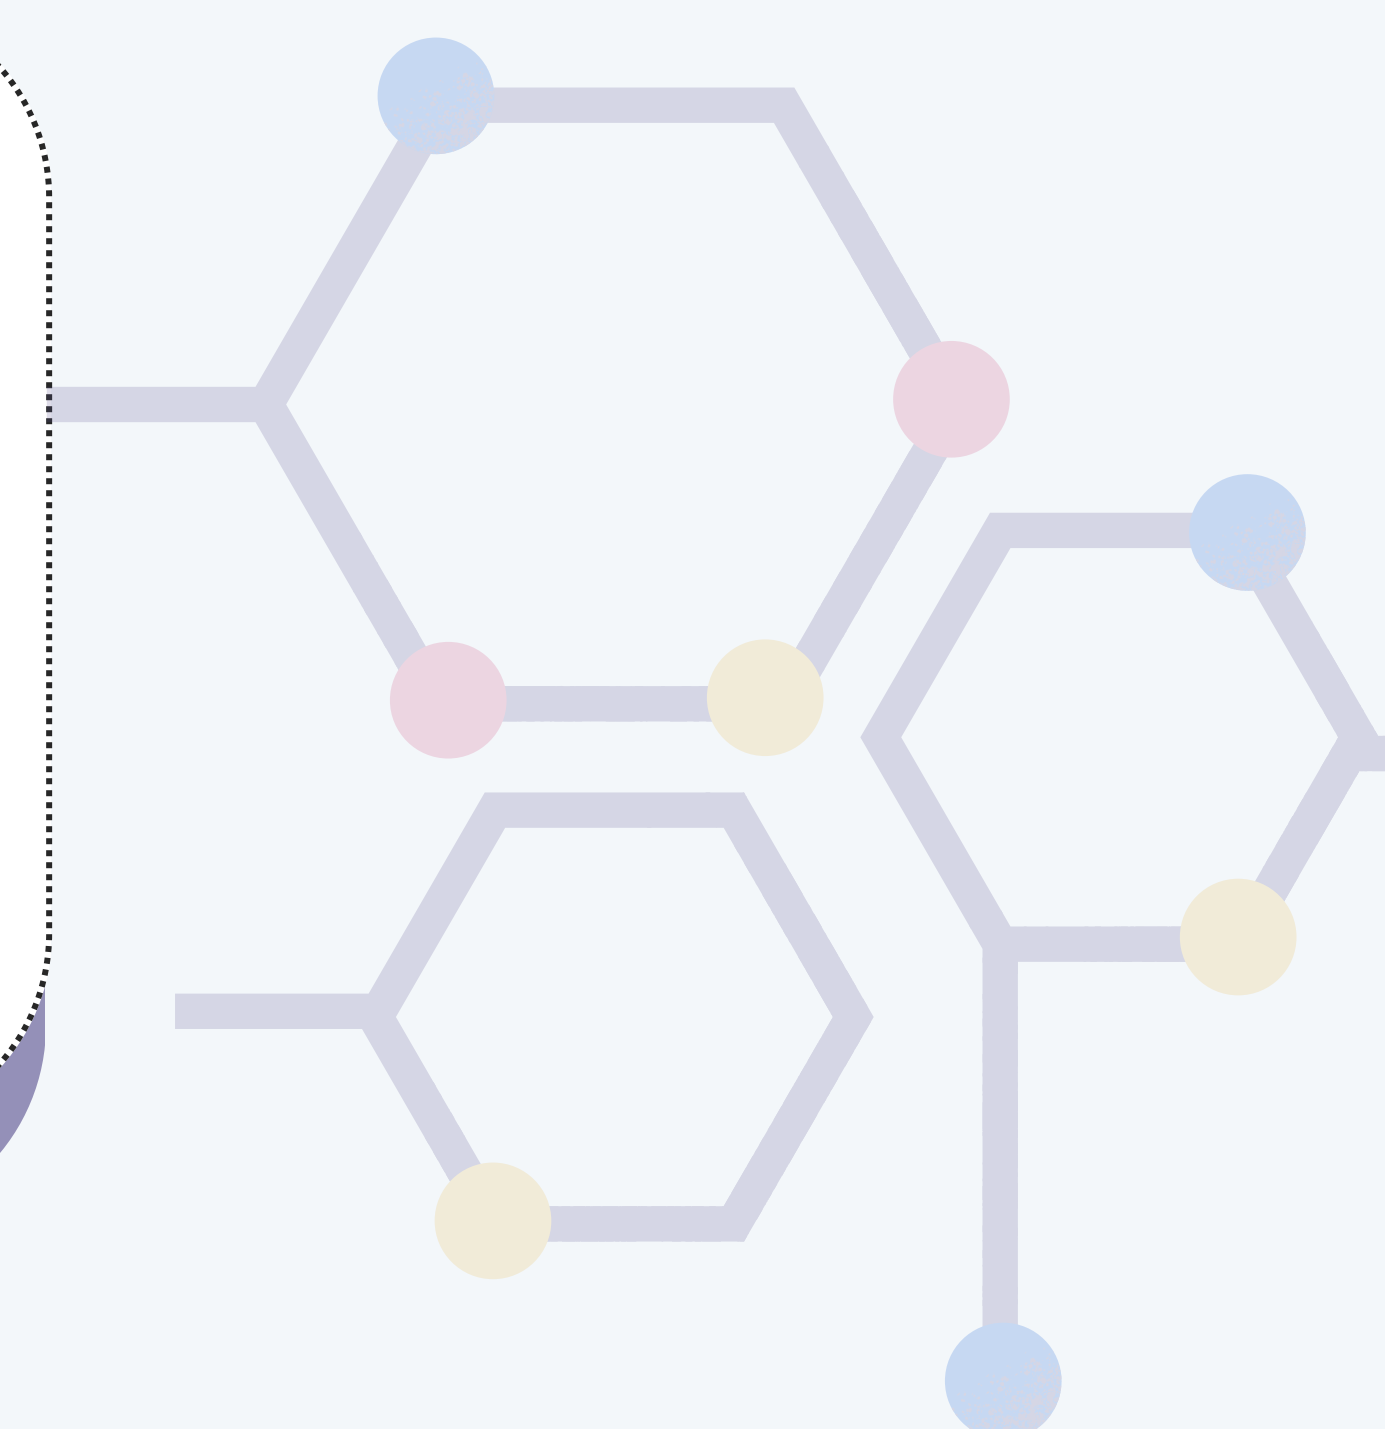

The Program is an endeavor to nurture scientific curiosity, critical thinking, and innovation among bright students of science at the undergraduate level.

Activities include:

- Lectures and Hands-on Sessions for students in the central venue.
- Outdoor Events involving Daytime Astronomy, Flora and Fauna, and Geology Field Trips.
- Panel Discussion on opportunities and careers for science students.

- **Applications are invited from undergraduate students of science** from different regions of the country, including Thiruvananthapuram, to participate in the Science Outreach Program. The applications may be sent to the following email (resonanceoutreach@gmail.com) with a brief statement (maximum of 4 lines) mentioning the motivation to participate and the email contact details of a teacher who may be reached for reference, if necessary.
- Students within commuting distance from IISER Thiruvananthapuram are also encouraged to apply. Other students selected for the program will be provided free accommodation for the duration of the program.

- **Email:** resonanceoutreach@gmail.com
- **Duration:** Four Days (December 20-23, 2025)
- **Venue:** Indian Institute of Science Education and Research (IISER), Thiruvananthapuram
- **Program Coordinator:** Professor Mahesh Hariharan (Department of Chemistry, IISER Thiruvananthapuram)

Last date for receiving application: 24th November 2025
